A Message from the President

Dear Friends and Neighbors,

September is upon us and hopefully will bring us some cooler temperatures. As I reflect on the start of another month, I find it necessary to reiterate some safety information regarding the Covid-19 virus and its variants; especially now since the virus has emerged within our park and several families. While I believe the vaccine is important, we now know you can still contract this virus even if you've had your vaccine, although the effects appear to be less deadly for those who have been vaccinated. With that said I want to remind everyone of some of the guidelines your HOA had originally put in place. If you are attending an HOA function and have not been vaccinated, remember that you are required to wear a mask. Additionally, with the virus now present in our park it's probably wise to wear a mask anyway - but more importantly - continue to wash your hands often and remember to be vigilant with sanitizing as well. I know we are all excited to be welcoming our activities again and don't want to see them go away again. Hopefully this virus will be disappearing very soon.

Just a quick reminder - the grills at the pavilion are for everyone's use but remember it is your responsibility to clean them after you have used them. Sadly, our clubhouse was being used for a private party in August and they had to clean the grills before they could even use them for their event. That's not fair to the person who has planned an event and find they must clean it before they can use it. Please be courteous to your fellow friends and neighbors.

We are hopeful to have the return of our HOA General Meetings in September, as well as some events that had been scheduled prior to the pandemic. Keep an eye on the Calendar and the Gator Tales for upcoming activities. It certainly will be a welcome to have our events returning.

Again, thank you for your support and confidence.
See you out and about.

Respectfully,
Jerry Sibila

ANNOUNCEMENTS:

Paint Classes

Just a reminder - our paint classes are back in full swing. They will be held the first Wednesday of every month at the clubhouse from 1:00 - 3:00. We try to have just 2 people per table to help with some social distancing and masks are requested for those who have not received their vaccine. The price is the same, \$20 per person with all supplies and instructions provided by our instructor, Sherri.

I try to post a reminder a few days before the event in our Facebook page but realize not everyone has Facebook. If you want to attend it's helpful to let me or Shelly know - just so we make sure Sherri has enough supplies. But please come even if you forget to let us know. We usually always have room. Come join us for some fun and visiting.

Deb Novak
Nancy Henne
62 Sargent Street
Resident since June 2020

Deb and Nancy purchased their home in June 2020. Nancy is Deb's mother. They chose LHV because they knew the owner of the house. They appreciated the small quiet community; how clean it was and the availability of the lake and woods. Deb and Nancy adopted a West Moreland Terrier, her name is Carmella. They are still in the process of training Carmella to control her barking.

Nancy and her husband Donald were married 58 years marrying January 1956. They had two daughters Deb and Kim. Kim lives in Winter Haven. When Donald retired, they sold their 100-acre horse farm. Donald also stopped driving truck. Nancy was a stay-at-home mother but did work with horses and farm. Nancy was a bus driver for disabled children when her daughters were older. They then relocated to Winter Haven. Donald passed in 2014.

Nancy likes to take cruises, enjoys various crafts, diamond art, and painting. She enjoys going to the beach. Nancy likes bingo and various card games; she also likes the Tampa Bay Rays baseball team.

She has travelled overseas and cruised to several lands meeting most of her bucket list. Nancy would also like to get involved with bingo and card games. If you see Nancy on the porch stop and say "Hi".

Deb relocated from Drums, PA in 2020. She married in 2016 to Jim Novak. Jim is an engineer still working in PA. Deb has relocated to assist her mother. Deb has graduated from University of Phoenix and obtained an associate degree in "Health and Human Service" and a minor in Gerontology. She has continued her career in FL, and she currently has two patients. Deb has 3 children two girls and one son. She has six grandchildren.

Deb learned to ride at the age of three when her dad put her on her first pony. She also rode pigs and mules at a young age. Her father was injured when he was young and could no longer ride. Deb inherited her father's love of horses. At the age of 19 Deb won all the Tennessee Walker events she entered. She made several trips a year to Tennessee to purchase various horses. She raised and rode Stallions that were two years of age and which she rode to win four National Titles.

At the age of 27 Deb turned professional and continued traveling the United States to various competitions. Deb had 11 horses and boarded and trained 9 horses for customers. Deb did her own farrier work making her own horse shoes and assisted the Vet in administering shots to the horses. Deb said her father had a "shrine" with all her ribbons and trophy's. They display her father's saddle and guns in their home. Deb said she had the best childhood ever!

Deb's favorite sports team is the Tampa Bay Buccaneers since Tom Brady joined the team.

Deb also likes gardening and decorating their home. She does miss her horses but is busy with new interests. Deb's Bucket list is to travel to Africa, she has completed two items on her list riding the horses in water and swimming with the dolphins.

She would travel to stores training the managers of the new layout at their Walmart. Maria also conducted audits of the Walmart's in three states. If irregularities occurred, she would monitor the store find the problem make corrections and informed the managers how to make improvements. Maria also created the system of depositing cash for the armored trucks. That system is still used corporate wide. Maria was with Walmart for ten years. After retiring she volunteered for several organizations.

Maria first relocated to FL in 2005 to be closer to her daughters. She lived in an apartment in Bradenton and help to take care of her young grandson. In 2013 she told her daughters she wanted a larger place. Her daughter Charlotte took a weekend and they travelled Central FL. During the Pandemic she started creating Needlepoint projects.

HOA Emergency Preparedness Team Update

September 2021 – Gator Tales

by

The HOA Emergency Preparedness Team

Since last month's article we have followed two storms that were potential threats. As this is being written, the second storm has moved farther west towards the Gulf, and it appears that it is no longer a serious threat. Our Team has been monitoring these storms. We especially want to thank member Jerry Smith for keeping all of us posted as these storms developed. Jerry also posted updates on Facebook, which is a great way to spread the news.

We find ourselves in a 'Good news / Bad news' situation.

The 'Good News': As of September first, hurricane season will be half over!

The 'Bad News': As of September first, we still have half of hurricane season remaining!

More good news is that the LHV Team is working hard to be prepared for anything. Last month we outlined some of the things the Team has been doing.

So..... keep preparing:

- Keep an eye on weather forecasts
- Have a plan to follow if a storm is coming our way.
- Decide if you are going to stay or evacuate. See our hotel list (posted in clubhouse) for information
- Stock up on batteries, water, and other non-perishable goods
- Keep your vehicles filled with gas
- Know the Zones at LHV and zone volunteers. See our zone map and list (posted in clubhouse) for information
- If you need assistance or information, please contact a team member
- See previous articles in Gator Tales for more information. (Thanks to Gator Tales staff!)
- Some residents have generously offered use of their generators to those with medical needs. Again, contact one of us if you have questions
- Stay safe. Be sure to ask for help – don't lift heavy objects and risk injury. Ask for help!

2021 HOA Emergency Preparedness Team Members:

RESIDENT BINGO

Monday evenings at Lake Hammock Village Clubhouse
Sale of Games from 5:15 pm to 6:15 pm.

Games begin at 6:30 pm

Come early to buy and settle in before the FUN begins.

Medicare 101

October is the start of Medicare Open Enrollment time.

- Are you sure your plan has given you the best coverage?
- Do you know all the options available to you through the insurance options?
- Do you know the difference between a Medicare Supplemental Plan and a Medicare Advantage Plan?
- Have you been a little confused trying to sort through the whole Medicare system?

Then you need to save the date, October 13th, 1:00 PM at the clubhouse for a short seminar called, "Medicare 101". We've lined up David Brown again to help us all sort through these questions. He does **not** represent any one company, he's **not** a salesman trying to sell you a policy, he **is** knowledgeable insurance broker who can help us all sort through these questions. He has the whole afternoon dedicated to us, so after the short 25–30-minute informational session he will stay and meet one-on-one with anybody who desires some personal help. Additionally, he can make an appointment to meet with you at a later date if that's your desire.

More information to come as the summer ends. Thanks, feel free to contact me with any questions. Joyce Middleton

LOOKED UNDER YOUR MOBILE HOME LATELY?

Missing or torn insulation and vapor barrier can allow moisture, mold and mildew to build up, and provide access to insects and rodents into your home!

Call today for a FREE Under Home Inspection

To our valued customers.

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.
