Message from.....

The President

2022 is now behind us, and all in all, I believe we had a very good year. We offered a variety of events in which our residents were able to participate, some new and some traditional. We saw new residents coming to our activities, offering new ideas, and stepping up to act as hosts and hostesses. It is always good to see new faces in attendance as they bring increased excitement and enthusiasm to our community. 2023 looks to be an even bigger and more exciting year, with still more new events, starting off with the Murder Mystery Dinner Theater on January 14th. This is the type of event generally reserved for much larger parks, due to the cost of this type of entertainment, so I want to thank all those advertisers, Bingo food supporters, and residents who have joined the HOA, in affording us the funds to support this event.

On January 17th, we will be having our Annual Meeting of the HOA. At this meeting, we will be voting on 4 new members to the Board of Directors, as well as approval of the 2023 Annual Budget. I strongly encourage all residents to attend this meeting and see what lies ahead in 2023.

Wishing everyone a Happy and Prosperous New Year.

Clark Smith

HOA President

ACTIVITIES CHAIRS

Happy Holidays from the HOA Emergency Preparedness Team!

Team Looking Ahead to 2023

by

HOA Emergency Preparedness Team - December / January

The Team would like to wish everyone a happy & healthy new year!

We are all pleased to put the 2022 hurricane season behind us! Living in Florida means being on alert for six months of every year! Hurricane Season begins in June and runs until November 30.

During 2022, our Team worked hard to help residents be prepared. Looking back on the two storms, the Team believes that our efforts (some would call them 'annoying reminders') have helped to increase awareness. This was especially true in seeing the response to the second storm, Nicole. Residents did not panic! They prepared, but watched, listened, and helped their neighbors – a great response by all!

Team Message to All: It pays to be prepared!

So, what is next for the Team? The Homeowners Association (HOA) will hold its annual meeting in January. At that time Board vacancies will be filled, and a 'new' Board will begin its work. The **HOA Emergency Preparedness Team** was created by the HOA Board in 2018 and is considered a standing committee.

In 2023 the Team would like to do even more. We will be discussing ways to do this, including looking at other emergency situations such as fire, flood, electrical grid collapse, etc. To continue this, we will need your assistance and support.

Team History:

Since being established, in each of the following years the Team has increased its activities and plans to continue this in 2023. The original goal was to provide information and assistance to residents to help them be better prepared for hurricanes. Since then, we have:

- ✓ At the beginning of hurricane season, around June 1st of each year, we have provided written information to all residents, including County Shelter Maps, information on planning for evacuation, how to deal with pets, organization of prescriptions, Hotel Listing, monthly articles in Gator Tales, and other information provided by Spectrum (Hurricane Guide) and the Polk Emergency Operations Center.
- ✓ In 2022 we held a **Hurricane Open House** on June 1st. We hope this will be an annual event and will consider planning additional events during hurricane season 2023.
- ✓ The Team organized LHV into eight Zones for the purpose of serving all residents.
- ✓ We provided Zone Maps and Zone Volunteer listings to all residents.
- ✓ Volunteers in each Zone communicated with residents, answered questions, and offered assistance.

- ✓ The Team put together a list of **Volunteers from LHV who own generators and offered their use to others during power outages.** Some individuals made use of this during the 2022 power outage to store medications. Some generator owners also stored food for some residents, so it did not go bad! Some provided cell phone charging stations. We will be doing more in this area as there is considerable interest in this.

Needs for 2023:

The Team needs more help to accomplish its goals and its Mission:

To help each other, to help keep our residents safe, and to help everyone be better prepared in case of an emergency.

Job Openings Available / No Resumes required!

Please consider helping! We have had a number of dedicated volunteers, many who have been members since 2018! We need help with a number of things – making phone calls, copying materials, talking with neighbors and referring needs and issues to the Team, etc.

We welcome anyone who would like to be a part of this important work in any way – helping your friends and neighbors be prepared and stay safe during challenging times. **Choose what you would like to do, and you decide your time commitment.**

2022 HOA Emergency Preparedness Team Members:

Wanda & Art Stanley, Kathy & Dan Deuel, Matt & Margaret Rice, Pamela Leland, Lori Johnsen, Terri Cruz, Brin & Bob McDonald, Joyce Middleton, Deb & Gary Devore, Dona & David Rawson, Helen & David Hurr, Shelly Shaffer, Jerry Sibila, Jerry Smith, Darlene & Bill Davis, Gary & Valerie Stanley, Peter Morlock, Sharyl & Dave Graham.

Other Contributors:

Our Team would like to recognize and thank the many individuals who are not 'formal members' of the Team but whose dedication and assistance is appreciated by all! These individuals kept an eye on their neighbors, gathered socially, and provided ongoing support. Many with generators generously stored food for people, fed those who needed it, stored medications, and provided general support to many. It is very gratifying to see this and the caring for our friends and neighbors to help everyone stay safe through events such as the hurricane.

Some have asked how our friend Charlie ('The Procrastinator') is doing. Here is an update:

Charlie survived hurricane season. He has made a real effort to keep his fridge full and he is also storing canned goods for the future. He now realizes that he should have been better prepared and told our reporter that he was going to make a New Year's Resolution to do better! "I've learned my lesson after all these years! Next year I'll pay more attention to the information I receive and read the hurricane preparation articles in Gator Tales. I might even join this Team they have - even if they are annoying."

Need information or have questions? Contact Dave Graham at (603) 915-1368 or any Team Member

January Space Coast Launch Forecast

Note: Once again the launches are coming at the rate of almost one per week or two, with many being scheduled with little (5-7 days) notice. Updates will be posted to our Launch Alert Facebook page on an as known basis.

Space-X - TBD Space-X is planning on launching 6 Falcon 9 rockets this month, including a Falcon Heavy version. No dates have been provided as of today.

NASA will present **“A Day of Remembrance”** at KSC and other centers, on Thursday January 26, 2023. These events will honor the Astronauts of Apollo 1, Space Shuttle Challenger, and the Space Shuttle Columbia who lost their lives on 1/27/67 (Apollo 1), 1/28/1986 (Challenger), and 2/01/2003 (Columbia).

Maureen and Bruce Hatfield have been residents of Lake Hammock Village since Sept. of 2018. They moved in gradually as they had 2 leased apartments in Nalcrest, Florida and a home in upstate New York to sell. They finally completed the move in July of 2019.

The couple searched for almost 2 years to find a park and home that met their needs. Maureen wanted to be closer to Disney, her obsession. She also wanted a park that had well- paved streets as she is a runner and wanted to avoid any falls. Bruce also desired to be closer to civilization and to have room for his collections. LHV fit the bill.

Maureen and Bruce have only been married for 6 years. Maureen moved to Nalcrest, Florida in 2014 only 2 weeks after she retired. She was priced out as a retiree in her home city of Boston and was excited about having a fresh start. Bruce moved to Nalcrest in 2008 after he retired. Until he met Maureen, he was a snowbird from Elmira, New York.

Nalcrest is an active over 55 community of 500 rental apartments located 10 miles east of Lake Wales. The development is solely for retired union letter carriers and was built in the 60's by the national president of the letter carriers' union. Maureen was a letter carrier for 31 years; Bruce for 34 years.

In the fall of 2014 Bruce returned from Elmira to find that Maureen had joined the Nalcrest trivia team at Beef O' Brady's in Lake Wales. She shared his love of trivia. He wooed her with motorcycle rides and many wonderful meals. Their first date at Crazy Fish in Lake Wales lasted 3 hours. They knew they had something special. When Bruce asked her to marry him in 2015 Maureen said yes before Bruce could ask her!

Bruce attended Bryant Stratton college in Buffalo where he obtained an Associate degree. He was working in a bank there when he got drafted by the Army and was sent to Vietnam where he served in the signal Corp. He was honorably discharged as an E-5. He then went on to the Postal Service.

Maureen holds a bachelor's degree from the University of Vermont and a master's degree from Northeastern University. She taught high school in Boston before joining the Postal Service. While at the Postal Service she was elected to several different union positions. She was state president of the Massachusetts Letter Carriers' union- the first woman to hold this position. She represented 11,000 letter carriers in Washington where she lobbied on legislative issues on their behalf.

Maureen has one son who lives in Oklahoma with his wife and 5 children. Her son works for the USPS as a manager. Bruce has a son who lives in Binghamton, New York with his wife. He works in vehicle maintenance for the USPS. His grandson is now grown and is in international banking.

Bruce has a daughter who lives in Elmira heights, New York. She has a husband and 2 daughters. She works as a research scientist for Corning, Inc.

Maureen and Bruce also enjoy theatre and traveling. They have been to Europe several times. They love to visit Maureen's family in Ireland.

Maureen currently is a certified distance run coach and works with clients outside the park. She leads the diabetes group here in the park. Bruce supports Maureen's efforts. Both enjoy living here very much!

NEW YEARS

by Users of the Gregorian calendar and calendars where months are based on Gregorian calendar

Type: International

Significance: The first day of the Gregorian year

Celebrations: Making New Year's resolutions, church services, parades, parties, sporting events, fireworks

January 1 was celebrated as the start of the new year for the first time in 45 BCE, after Julius Caesar implemented sweeping changes to the **Roman calendar**.

The traditional New Year's song, **"Auld Lang Syne,"** means, "times gone by" which was written by Poet Robert Burns in 1788.

The Pacific islands of Tonga, Samoa and Christmas Island/Kiribati are **the first to ring in a New Year**, while the uninhabited Howland and Baker Islands, near the United States, the last.

The Babylonians celebrated the new year in March as it was in March that they re-planted the crops and held a grand religious festival called **"Akitu"** that lasted 12 days.

Babies born on New Year's Day are commonly called **New Year babies**.

Lake Hammock HOA Presents
