## ***Message from the President.....***

The new year is off to a great start, as we were just recently treated to a “Sock Hop”, coordinated by Donna Larmon, Patty Keller, Cindy Lyons and a multitude of helpers. What a wonderful time, reliving the music and memories of the golden age of rock n’ roll. The clubhouse was decorated beautifully, the food was great, and the many residents who sported costumes of the era were amazing. “Thank You!” to all involved. As you will see, this is just the beginning of a fun and exciting new year. Your Activities Committee has listened to your suggestions and are developing plans to bring back potlucks, community breakfasts and other exciting new events, but as we always mention, putting on such activities takes a lot of work so please consider offering your assistance when you can. Getting involved in your community is a great way to make new friends and meet your neighbors.

We, as a Board, have listened to your suggestions for use of the RIF(Resident Improvement Fund) as well. For the most part, most of the suggestions involved things that could only be completed by the park owners, due to the costs involved. However, one suggestion that we believe to be an excellent idea, is that of an AED Device and 911 telephone in the clubhouse. Currently, we have a committee established to determine the feasibility, the costs, the training necessary, and anything else related to bringing this to fruition. Once the committee makes their findings available to the Board, we will present them to the park management, the owners and the HOA Membership for approval.

Finally, we encourage everyone to attend the monthly HOA Meetings to find out what’s going on in your community. We try our best to get everything on the calendar and in the “Gator Tales”, but sometimes issues come up which are overlooked. Therefore, your presence at these meetings will keep you informed.

Clark

# Emergency Preparedness Planning

## Moving Ahead in 2023 – Next Steps

by

HOA Emergency Preparedness Team /  
Article for the March 2023 edition of Gator Tales

The Homeowners Association (HOA) held its Annual Meeting on January 17<sup>th</sup> and at that time newly elected Board Members joined the existing Board, forming a **'New Board' for 2023**. We congratulate all members of the Board for their generous contribution of time and dedication to the residents of LHV. As a **'standing committee'**, the Emergency Preparedness Team looks forward to working closely with them in 2023.

Prior to the February HOA Meeting, 2022 Team Coordinator Dave Graham met with the Board and presented a summary of 2022 activities and recommendations for 2023. A document entitled **'HOA Update, February 2023'** was provided, outlining activities in 2022 and a general plan for 2023. After some discussion, the Board designated Dave Graham as Coordinator of the 2023 effort. Since the Board is a crucial part of the overall planning, the Team will copy Board Members on **ALL** e-mails and correspondence and will provide regular updates for the Board and the HOA. At the February 14<sup>th</sup> HOA Meeting, the Team also provided a brief summary to residents and encouraged anyone interested to participate. A sign-up sheet was available for anyone interested.

### Weather Reality:

Living in Florida, we are faced with a weather / hurricane watch **for almost six months of each year!** Hurricane Season runs roughly from June 1<sup>st</sup> to November 30<sup>th</sup>. During that time, we are constantly 'looking over our shoulders' and watching weather reports to help us plan our activities. Many of us moved here from northern colder environments and found this adjustment to be somewhat difficult. Snowstorms are one thing, but hurricane watching for half the year is another matter entirely! Our new residents must quickly figure things out. The Team is here to help with all of this by providing information and support to everyone. To be ready when Hurricane Season begins, we must start early to plan and organize our activities.

### What is next for the Team?

- \* Those who indicated interest will be contacted.
- \* An organizational meeting will be held in early March. Anyone is welcome to attend. The date for this is **Thursday, March 9 @ 6:30PM. (SEE FLYER IN THIS ISSUE)**
- \* We will include generator owners who indicated an interest in discussing some type of organized system to help residents during power outages.
- \* The Team plans to have a table / booth / exhibit at the upcoming **Vendor Fair** scheduled for March **22<sup>nd</sup>**. The Team will be planning for this.
- \* Other possible events to be discussed will be a **Hurricane Open House for the week of June 1<sup>st</sup>**, possible guest speakers on special subjects such as tornado preparation, fire & flood, etc.
- \* A possible 'Mid Hurricane Season Update Session' for around September 1<sup>st</sup>.
- \* Other events that might be suggested or recommended.

### Hurricane Planning Information:

Keep an eye on articles in **Gator Tales**. We also have a **Bulletin Board** at the Clubhouse. We will also utilize **Facebook** to post meeting dates and other information. If you have any questions or concerns

you can contact any of the 2022 Team Members (see list below) or Dave Graham at (603) 915-1368, e-mail [davemg1@outlook.com](mailto:davemg1@outlook.com).

**2022 HOA Emergency Preparedness Team Members:** Wanda & Art Stanley, Kathy & Dan Deuel, Matt & Margaret Rice, Pamela Leland, Lori Johnsen, Terri Cruz, Brin & Bob McDonald, Joyce Middleton, Deb & Gary Devore, Dona & David Rawson, Helen & David Hurr, Shelly Shaffer, Jerry Sibila, Jerry Smith, Darlene & Bill Davis, Gary & Valerie Stanley, Peter Morlock, Sharyl & Dave Graham.

**Other Contributors:** There are many other individuals who are not 'formal members' of the Team but whose dedication and assistance is appreciated by all! These individuals kept an eye on their neighbors, gathered socially, and provided ongoing support. Many with generators generously stored food for people, fed those who needed it, stored medications, provided general support to many, and continue to keep an eye out for neighbors who may need assistance.

Mary and Julie Ackerson  
39 Sargent St.

Residents since 2018

The sisters were raised on a dairy farm in Middleville, MI. Mary and Julie never married or had children. The girls were born 18 months apart and have always been close.

Mary and Julie both attended "Calvin College" in Grand Rapids, MI. Both girls got a degree in Education. Teaching in Hastings, MI.

Mary taught mostly elementary grades one through six and retired after 34 & ½ years.

Julie taught middle and high school English; she then became a reading specialist. She later conducted in service seminars to her fellow teachers in Reading and English. Julie retired after 32 & ½ years.

Julie held onto the farm in Middleville, MI and had employed a farm manager. She later sold the farm and 30 acres, keeping all but 5 acres where she built her home. Mary has her home in Hastings, MI, which she maintains for the summer months.

Julie and Mary have spent many winters in Florida and always rented somewhere. They thought it was time to purchase a permanent home here. One of their previous residences was at Southern Dunes and Calloway Park. Being close by, that leads to driving into Lake Hammock Village. They had two homes they were considering and chose LHV.

Julie's comment was "How do people live like this". It is quieter than the farm where she hears more traffic. Now quiet is one thing they like about LHV. They are very happy here, feel welcomed and safe in our community. They complemented the Emergency Preparedness Committee; they knew their house would be checked.

Julie unfortunately has had some medical issues and cannot see out of one eye, so she apologizes if she seems to ignore or not recognize some one.

Mary and Julie both left MI because of the weather. They stated that the meteorological data between December 4<sup>th</sup> to January 12<sup>th</sup> shows that there was only "5 minutes of Sunshine" through that period.

Reading is their one love. They wished that the community had a "Book Club". They stated that card games seem to be the only activity LHV has. They were raised not being allowed to play cards. They do remember "Old Maid". Mary may try "shuffleboard". They attended a dance at the Club House, but it was way too loud and couldn't talk with their table.

Mary and Julie love to travel. They have visited many places i.e.: Netherlands where they saw the tulips", Aruba, Barbados, Cancun, Costa Rica, Jamaica, Bahamas, Caribbean, Canada, Mexico, England, France, Germany, Belgium, and Holy Lands. Their "Bucket List" still includes traveling to China, Ireland, and a cruise to Alaska.

Both girls enjoy The Detroit Tigers. Julie enjoys watching the Detroit Lions. They have also attended many classic rock concerts.

Mary collects dolls from the places they visit. Julie collects miniature John Deer equipment.

# Solve the Puzzle

There are many risk factors for heart disease. Some you cannot control (like your age or family history), but others (like high cholesterol, high blood pressure, or obesity) can be prevented with a sensible diet. Do your heart a favor. Eat a variety of low fat foods, with lots of fruits, vegetables, and whole grains. Now is the perfect

time to evaluate your diet and decide what changes to make. Concentrate on substituting foods that can help fight heart disease. Find these foods in the word search, then think of ways to incorporate them into your meals and snacks this month. Next, try your hand at the Healthy Heart Match Up. Match the high fat foods on the left with healthier choices on the right. Small changes can add up to a lifetime of healthy eating.

To our valued customers.

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.
